## Founder Chairman

*Educationist, Philanthropist & Visionary*

Sometimes, the most unlikely events of life can be the most pleasant surprises like the perfectly settled & satisfied affluent jeweller setting up an educational institution. It was inevitable to be prodigious since profit was never a priority for Dr. S.M. Juniwal but passion was. Our founder Chairman Dr. S.M. Juniwal, an educationist, philanthropist & a great visionary had always a dream to build a conglomerate of educational institutions for quality, innovation and to nurture students with knowledge and competence that can help them script their success stories. The impetus is to indoctrinate an individual to strive not just for survival but to excel in life. The unending journey of Dr. S.M. Juniwal began with the establishment of Apex International School, Jaipur which was his first venture into the school education that over a time span of more than five decades culminated in a vast empire of academic, technical and professional institutions with the state-of-the art infrastructures imparting world class quality education in the State of Rajasthan.

The long cherished dream of Dr. Juniwal comes true with the establishment of multi-disciplinary Apex University which offers career oriented Courses/Programs at Diploma, UG, PG and Doctoral levels in the diverse streams duly approved by/ affiliated to the respective Academic Councils/Statutory Bodies.

"Having spent his entire life as a visionary and mentoring the Apex Group of Institutions, Dr. S.M. Juniwal viewed his home and workplace as extensions of each other and believed the students, staff and faculty at the institutions as members of his extended family"

Our Founder Chairman has made great contributions in nurturing the future of lakhs of students which will ever be remembered in the days to come.
